EXHIBITION OF LOTS

All lots of the Abner Reed Sale will be available for viewing at our offices at the County Federal Building, Suite 53, 265 Sunrise Highway, Rockville Centre, L.I., N.Y. 11570 (Telephone 516-764-6677 or 78), by appointment only. Viewing times will be 10:00 AM to 4:30 PM Monday to Friday, October 17th-21st and October 24th-28th. Lots will be viewed at the Rockville Centre Holiday Inn Crystal Ball Room from 9:30 A.M. to 6 P.M. Monday and Tuesday, October 31 and November 1, 1983 and from 9:30 A.M. to 12:00 noon Wednesday, November 2, 1983.

CONFIDENTIALITY OF BIDS

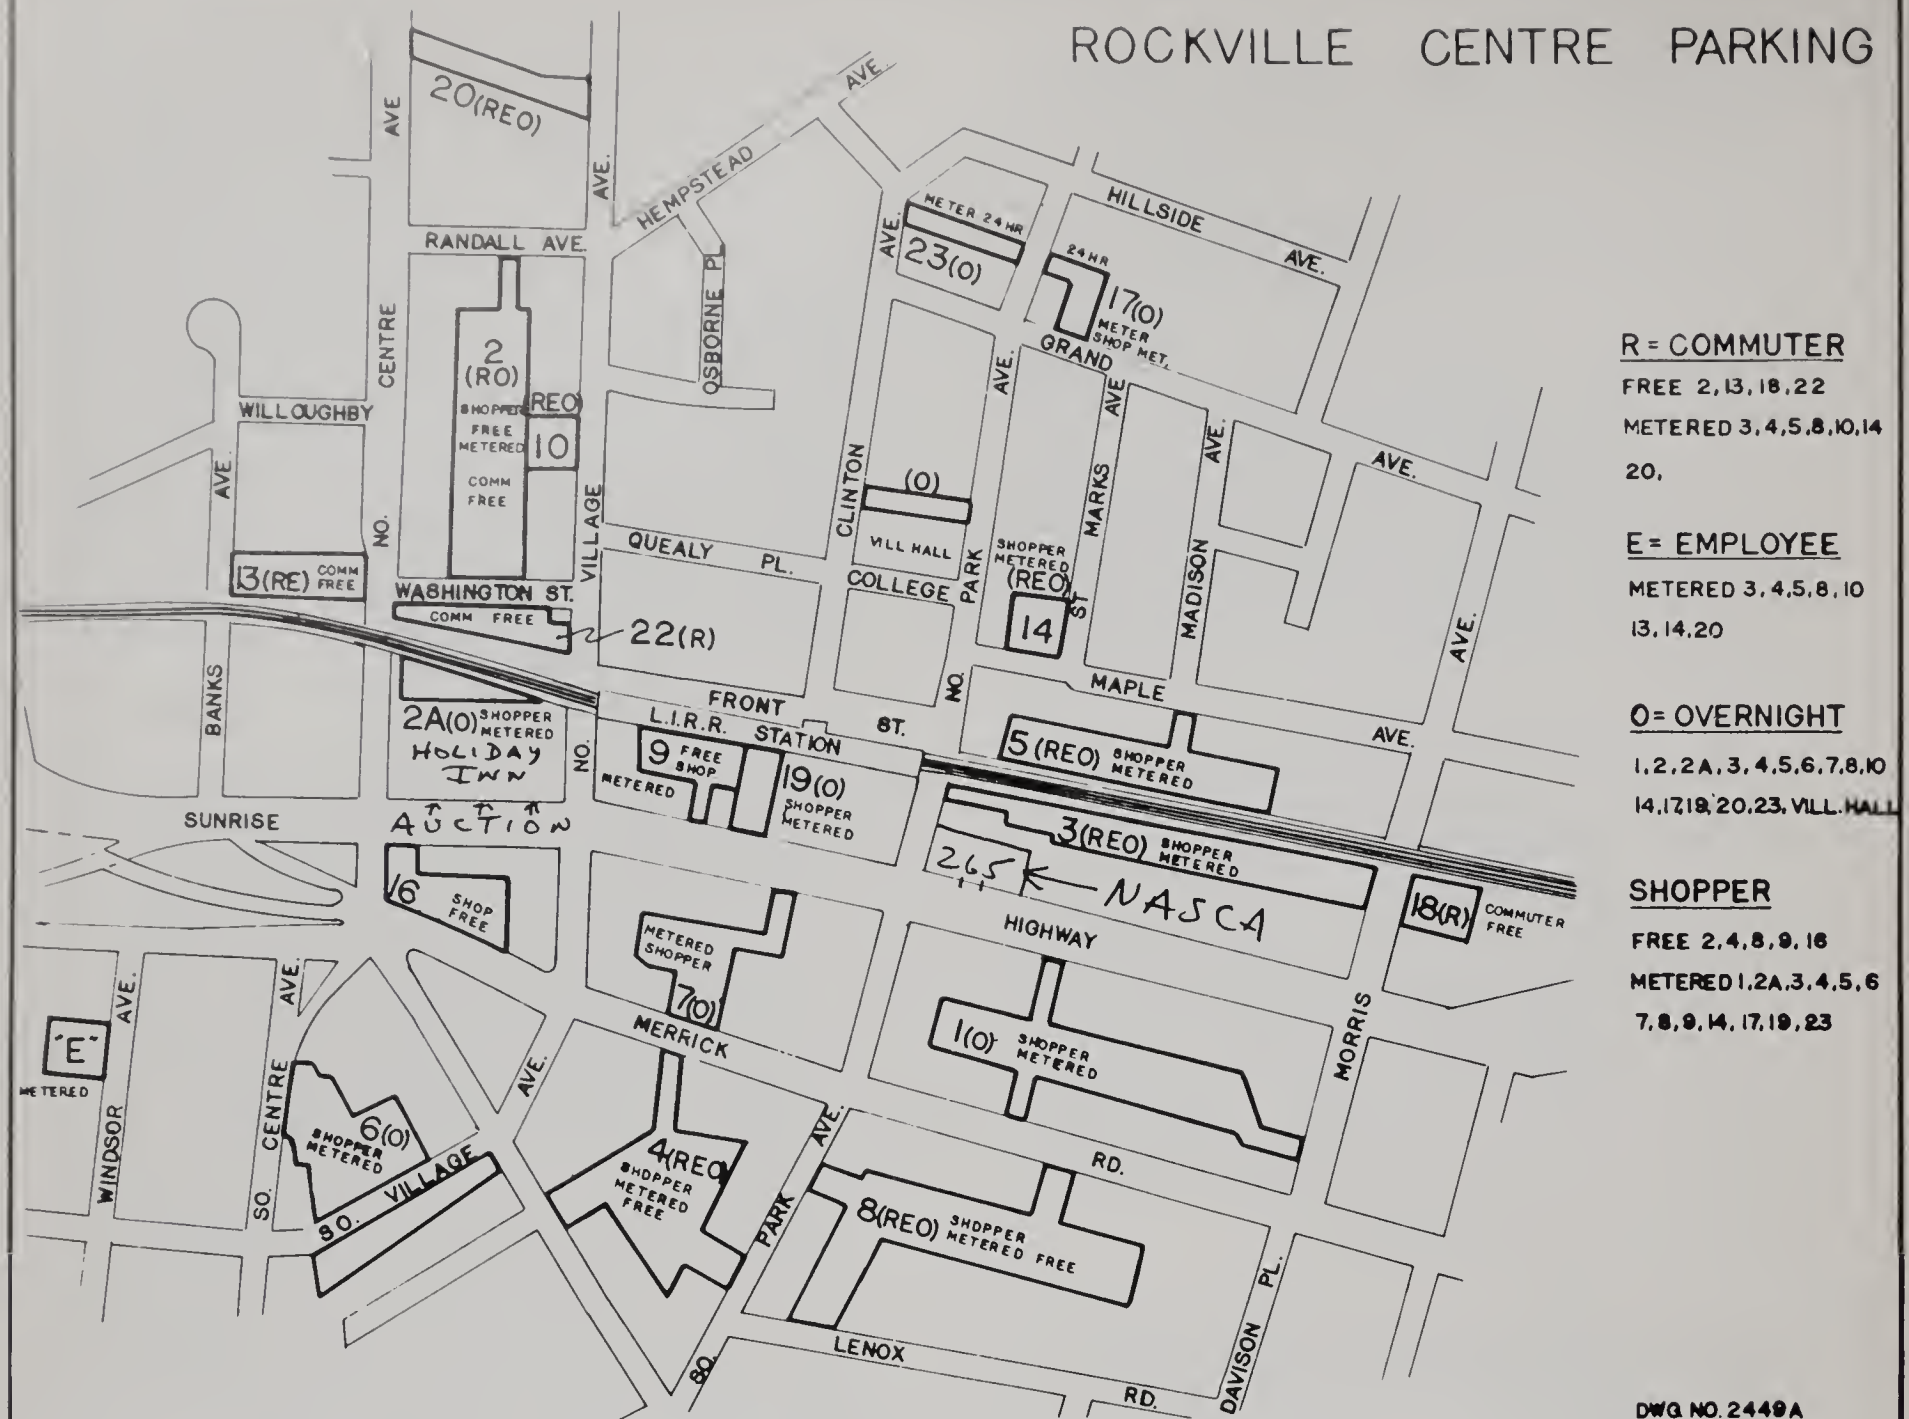

In order to protect the confidentiality of bids made by our mail bidders vis-a-vis those made by telephone, no precise information will be given regarding the nature of the bids on the book. The only question that will be answered is whether one is ahead on a lot, the answer being a simple "yes" or "no." If a bid is then raised, no further answer regarding the status of the bid will be given.

A WORD ABOUT OUR ESTIMATES

The prices you see listed in the catalog next to the lots are estimates which we think, in our best **conservative** professional opinion, each individual lot may bring at dealer's wholesale prices. Retail prices are 50% to 100% higher than indicated. These estimates are neither reserves nor minimum bids. You may bid more or less depending upon how strongly you feel about a particular item but it has been our experience that the prices listed generally reflect an extremely conservative attitude towards the value of the material described and that bids more than 20% below those listed stand little chance of success.

TERMS OF SALE

1. A 5% buyers charge will be added to each lot purchased by any bidder. This charge will be based on the amount of the final bid and the charge will be added to each invoiced lot.
2. All bids are per lot as numbered in this catalog.
3. We reserve the right to withdraw any lot prior to sale.
4. All material in this catalog is guaranteed to be genuine unless otherwise described.
5. All successful bidders shall be billed for postage, handling and insurance charges. Insurance items sent abroad, not covered by Registered Mail will be billed under our Lloyds of London policy. **Shipments to overseas buyers are made at their sole risk.**
6. We reserve the right to reject any bid from any bidder when we deem a bid not made in good faith. NASCA does not assume liability of any kind arising out of the failure to execute any bid due to clerical error or from any other cause.
7. No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. United States currency will not, in conformity with law, be opened at less than the indicated face value. Where such currency is opened at par, no commission is charged to the consignor.
8. **NO BIDS WILL BE ACCEPTED OTHER THAN THOSE RECEIVED IN EVEN DOLLAR AMOUNTS. THIS INCLUDES AUTHORIZATION TO INCREASE BIDS BY A CERTAIN PERCENTAGE. THOSE INCREMENTS WILL BE REDUCED TO THE LOWEST DOLLAR AMOUNT.**
9. Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed on your sheets.
10. It is necessary for all minors wishing to bid to present written parental permission prior to sale.
11. The payment terms for our sales are strictly cash and payment is to be made immediately upon receipt of invoice. **No lot(s) may be taken away at any time unless the purchase price thereof has been paid in full.** Buyers will be charged a late charge of 2% per month on the total purchase price (including buyers and other charges) if payment is not received by NASCA within 10 business days of the mailing of the invoice. Established customers who have credit with us shall be permitted, after seeking permission in writing, to have such items held for 30 days without charge after the closing date of the sale. However, no merchandise will be delivered in advance of payment.
12. Title does not pass on any item purchased until payment in full is received for all items. NASCA expressly reserves the right to await the clearance of any check tendered before making delivery.
13. In the event that a collection agency or an attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs and charges of any and every kind whatsoever incurred by NASCA in collecting the funds due shall be borne by the defendant in the event that judgement is given against him, her or them. In the event of a suit, the signer of a NASCA bid sheet or participant in the auction concedes the jurisdiction of the courts of the State of New York or the United States in the County of Nassau or the City of New York as NASCA alone shall elect and expressly waives any right of trial in any other place or jurisdiction.
14. No lots may be returned by Floor bidders except on the ground of non-authenticity.
15. Mail bidders may return lots for reasons of authenticity or improper description by requesting permission to do so within 5 days of receipt or by December 9, 1983, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall be grounds to cancel this privilege except as regards unauthentic material.
16. New York State sales taxes shall be levied on all New York residents either in New York City or our offices (if picked up there) at the rate applicable therein and if delivered to the purchaser's residence, at the rate applicable there. Dealers and other persons not resident in New York are reminded that under regulations effective 1 Dec., 1982, sales tax must be collected from any non-New York dealer unless the proper forms have been filled in by the said dealers and filed with the New York authorities. Out of state persons may also be liable to the sales or use taxes of their jurisdictions depending on the agreements existing between New York State and other states.
17. NASCA reserves the right in public auction sales to reopen the bidding under the following circumstances:
 - 1) NASCA has failed to execute correctly a mail bid.
 - 2) A party purchasing the lot on the floor has done so in error.
 - 3) Where a protest is made after the hammer has fallen but before the bidding has commenced on the next lot.
 - 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot.With these exceptions, lots will not be permitted to be reopened after they have been hammered down, unless the party awarded the lot will permit the auctioneer to reopen the same. The decision of the auctioneer on these or other points shall be final and binding.
18. **The placing of a bid in this auction sale shall constitute full acceptance of the foregoing terms of sale.**

U.S. PAPER MONEY

WAR OF 1812 NOTE

- 1 \$10. Plate E. Murray, Draper, Fairman & Co. Specimen. VG-F. Clipped. (Photo) (\$1,500-Up)

The note has two signatures (Samuel Clark and Edward Tuk) and lacks that of the Register to be a bonafide issue. Such notes were distributed to the receivers of U.S. funds as counterfeit detection devices. Very few of the properly issued notes are known to exist, the collector being confined to proofs or specimens if he wants any of these first U.S. Issues. Both the top and bottom borders are half trimmed away and there is folding soiling on the face and back on the red and blue silk thread paper. This is the second of this denomination and Act that we have handled and only the 9th out of 4 acts and 14 different types! Ex lot 1054 of our N.Y. Sale where it brought \$2,400.

LEGAL TENDER NOTES

- 2 \$1. Fr. 16. Choice Unc. (Photo) (\$400-Up)
No. 24063, Series 208, Plate C. Too narrowly margined for Gem.
- 3 \$1. Fr. 16. 1862. Unc. (Photo) (\$350-Up)
Series 248/plate 15 face. The margins are tight, but everything is there, crisp, bright, vivid.
- 4 \$1. Fr. 16. 1862. Unc, top border line shaved off. (Photo) (\$250-Up)

VERY CURIOUS POSSIBLE ERROR

- 5 \$1. Fr. 16. 1862. VG. (Photo) (\$100-Up)
A note apparently missing the red seal and red numbers, series 192, Plate 40. Well worn, peppered with pinholes.
- 6 \$1. Fr. 28. 1880. Abt. VF (\$60-Up)
Quarterfolded both ways, closely margined at top.

RARE LEGAL TENDER ERROR

- 7 \$1. Fr. 37. 1917. Error: left serial letter is H645000001A; the right is H645100001A! Choice Unc. (Photo) (\$250-Up)
Ex Merkin lot 509, sale of June 4, 1972 where it brought \$200. Surely worth more now!
- 8 \$1. Fr. 37. 1917. Choice Unc., off center to the left. (\$100-Up)
- 9 \$1. Fr. 37. 1917. Unc. (\$70-Up)
- 10 \$1. Fr. 37. 1917. Unc. (\$70-Up)

EXTRAORDINARY AUTOGRAPHED NOTE

- 11 \$1. Fr. 39. 1917. Autograph signatures of Speelman and White. Gem Unc. (Photo) (\$150-Up)
No. N2301004A, note Speelman has added the word "Register" after his autograph.
- 12 \$1. Fr. 40. 1923. Choice Unc. (\$150-Up)
No. A15551541B, not quite widely enough margined at top for Gem.
- 13 \$1. Fr. 40. 1923. Unc., but aging. (\$75-Up)
- 14 \$2. Fr. 42. Very Fine. (Photo) (\$200-Up)
No. E3954926, three vertical folds with paper softening. A clean and well margined specimen of this issue.

VERY SCARCE "B" SERIES BILL

- 15 \$2. Fr. 46. 1875. VG to Fine. (\$75-Up)
No. B190771E, clean and undamaged.

Please note that a 5% buyers charge will be added to each lot purchased on all purchases.

- 16 \$5. Fr. 61a. 1862. Unc. (Photo) (\$600-Up)
The side margins are ultra-thin (right) or the border is shaved (at left). Crisp, bright, vivid.

- 17 \$5. Fr. 63. 1863. Unc. (Photo) (\$500-Up)
There is, as a matter of record, some petty edge rubbing and the paper is, as usual, very lightly darkened.

- 21 \$10. Fr. 112. 1880. EF. (\$125-Up)
No. A24563231, with two folds faintly visible at the center and the right. Obviously deftly processed.

- 22 \$10. Fr. 120. 1901. Very Fine. (\$125-Up)
No. E13560064, vertically quarterfolded, with an extra fold, closely margined.

- 23 \$20. Fr. 147. 1880. Unc. (Photo) (\$500-Up)
No. A.815140A, closely margined, a piffing ink stain on the back at the top.

- 24 #1. Fr. 1500. 1928. Ch. Unc. (\$55-Up)
No. A948A, narrow at the top margin.

- 25 \$2. Fr. 1501. 1928A. Choice Unc., rubbed edges. (\$80-Up)

- 26 \$2. Fr. 1503. 1928B. Gem Unc. (Photo) (\$350-Up)
A nicely centered bill with the natural wrinkling of an unprocessed note.

ACT OF MARCH 9, 1861

ONE OF 82 KNOWN

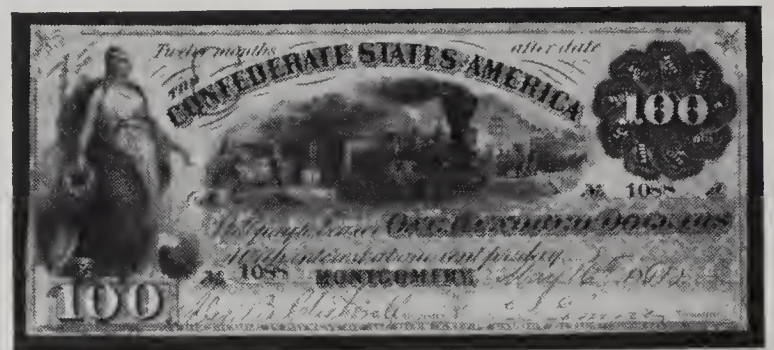

569 \$500. T-2. (Cr. 2). Fair. (Photo) (\$1000-Up)

No. 293, with the appearance of an aged, VG note. However, there has been extensive restoration work on the left side (5mm strip coming to a point in the center), in the center (restored "0" in \$500" and the border underneath it) and on the right where 10% of the note has been restored in a 20mm wide band down the right edge with another area extending to the central vignette. An expert repair job that only falls apart under a glass. Probably the worst known \$500 Montgomery, but still collectible. Ex. C.J. Affleck who sold it to a dealer prior to his death in 1974.

570 \$100. T-3. (Cr. 3). Fine, corner and other stains. (Photo) (\$700-Up)

No. 1026, with the usual signers. The borders are complete. Issue notation on May 20, 1861 at Lynchburg, Va.

571 \$100. T-3. (Cr. 3). VG, plus. (Photo) (\$550-Up)

No. 1088, with complete edges, a back endorsement. Good, even wear.

572 \$100. T-3. (Cr. 3). VG, damaged. (Photo) (\$400-Up)

No. 215 (from the rare first printing) with a payment endorsement on the back, stating payment in coin on May 15th (date of issue), without interest. The note is VG or so with a trimmed top border. In addition there is a massive long tear in from the right and a large knife cut cancellation in the left side, both deftly repaired. The whole note appears to be present.

573 \$50. T-4. (Cr. 4). Fair. (Photo) (\$250-Up)

No. 179, from the rare first printing. Back endorsement by Stephen Jackson, "Capt. Subs Dept," redeemed August 22, 1861, forty days later. The big problem with note is that the lower left quadrant has been restored in toto and looks passable, if discolored. A good note for one who wants a sample of this rare note and who doesn't fancy the current high prices.

574 \$100. T-5. (Cr. 5). Ch. Unc. (Photo) (\$200-Up)

No. 2489, usual signers, issued in Memphis, Tenn. endorsement on the back 9.21.1861. There are small ink corrosion holes in the endorsement.

575 \$50. T-6. (Cr. 6). Abt. VF, quarterfolds both ways. (\$80-Up)

No. 3508, left borderline trimmed off, scattered staining.

CSA WARRANTS & DRAFTS**VERY RARE TRANS-MISSISSIPPI POSTAL WARRANT****676 POST OFFICE WARRANT. \$926.42. December 1, 1864. Archer & Daly EF. (Photo) (\$500-Up)**

No. 139, signed by D. F. Shall as auditor of the Trans-Mississippi Department (he had earlier succeeded Edward Cross as CSA depositary at Camden and Washington, Arkansas), also signed by James H. The Trans-Mississippi Department was created in July 1864 and continued until Lt. General E. Kirby-Smith's surrendered in June, 1865. Its existence was necessitated by the cutting off of that part of the Confederate from the eastern portion in July 1863 by the fall of Port Hudson and Vicksburg.

INTRODUCTION

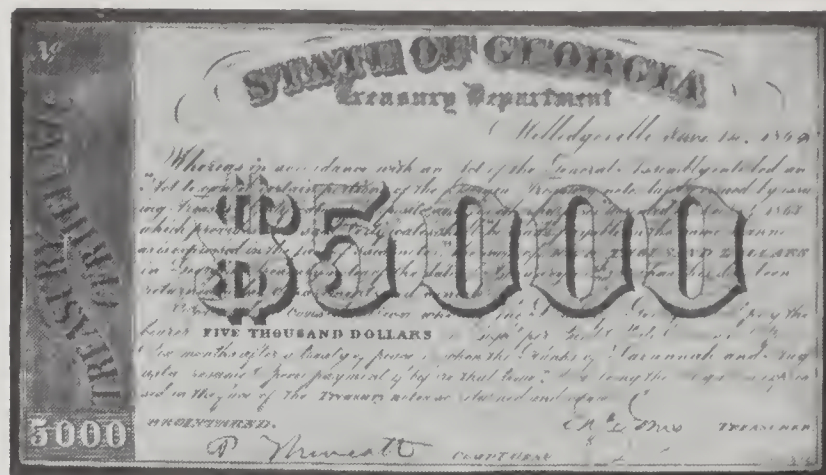

In early 1864, the State of Georgia got into a quandry. The Confederates were already going to pass a law compelling funding of redundant Treasury notes into bonds. Georgia, however, had provided that its notes could not be funded until 6 months after peace, and only if the state failed to pay off such notes. How could the redundant state currency be reduced without violating the State's pledges or incurring heavy interest costs? The solution found was typically peculiar.

To understand what and why it was done, it is necessary to review the early state issues. By the Act of December 5, 1861 (notes dated "January 15, 1862") the legislature had authorized \$2.5 million of notes fundable into 8% bonds. The next year, \$5 million was authorized by the Act of December 12, 1862 (notes dated "February 1, 1863"). These notes were only fundable in 6% bonds.

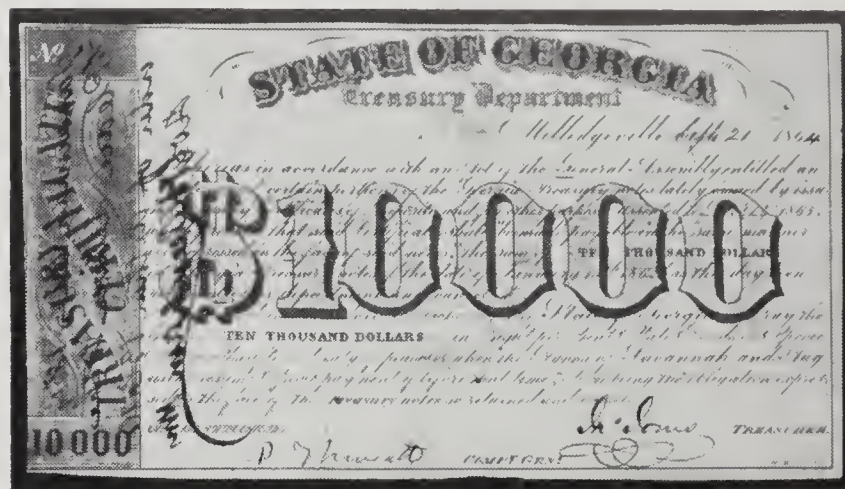

The state solution was to order the issue of \$5,000, \$10,000 and \$20,000 non-interest certificates in exchange for lower denomination notes. Of the total of \$1,395,000 funded into such certificates, \$975,000 was for the 8% certificates and \$420,000 for the 6% certificates. Thus instead of there being only three notes, there are six, one of each denomination for each of two acts. A total of 3 \$20,000 notes and 3 \$10,000 were picked up in a small hoard and another \$10,000 (the present piece) was discovered by the late Charles J. Affleck. Later, a \$5,000 was found and sold together with the \$10,000 in 1979. Another \$5,000 is known but has not been inspected to see which of the two varieties it belongs to. The quantities believed to have been issued, mostly to a contractor supplying the state with uniforms is as follows:

8% bonds; \$20,000 - 30 Pcs.; \$10,000-30 Pcs.; \$5,000-15 Pcs.
 6% bonds; \$20,000, \$10,000, \$5,000 12 pieces of each.

Since there are only 9 pieces of these issues, 5 closely held, two from the Criswell Collection (whereabouts unknown) and the present pieces, out of the 6 known varieties, the present pieces are the only ones available for the present; indeed, they are the only ones that have been sold or disposed of in a decade!

In COMMITTEE,

For YORK County, May 31st, 1776.

PRESENT, FIFTY-FOUR MEMBERS:

The Committee having chose their Chairman,

Colonel ROBERT M'PHERSON, in the CHAIR.

THE Resolve of the Honourable CONTINENTAL CONGRESS, of the 15th Instant, being read, was most cordially agreed to, and thankfully accepted: And Resolved, That a Delegation of nine Members, be ordered to attend the Conference of Committees, at Philadelphia, the 15th Day of June next, to consider of the best and most effectual Measures for carrying the said Resolve of Congress into Execution, and taking the preliminary Steps for the Election of a PROVINCIAL CONVENTION, to form a Constitution founded on the Authority of the People.

RESOLVED,

That, as the former Legislative Powers of this Province, cannot act without being under Oaths or Affirmations of Allegiance to the King of Great-Britain, and dependant on him, which by the cruel and wicked Proceedings of that King and Parliament of Great-Britain, more especially by a late Act of Parliament, declaring the Colonists Rebels, and cutting them off from the Protection of that Crown, the same is become incapable of Legislation, and in that respect totally extinct. But Resolved, nevertheless, That the Executive Powers of Government, ought to proceed in the usual Channel, and that the Laws heretofore made, be put in due Execution, until a Government formed on the Authority of the People only takes Place, agreeable to the Resolves of Congress, of the 15th Instant.

RESOLVED,

That Mr. JAMES RANKIN, lately chosen a Member to represent this County in Assembly, in sending seven Letters, and a Bundle of Remonstrances, to seven Inhabitants of this County, for the express purpose of getting these Remonstrances signed by the People here, and transmitted to Philadelphia, which Remonstrances can be regulated for no other Purpose, than to draw this Province off from the present Union with the other Colonies, or to divide the People, so as to fall an easy Prey to our inveterate Enemies, has violated the Trust reposed in him, by the good People of this County.

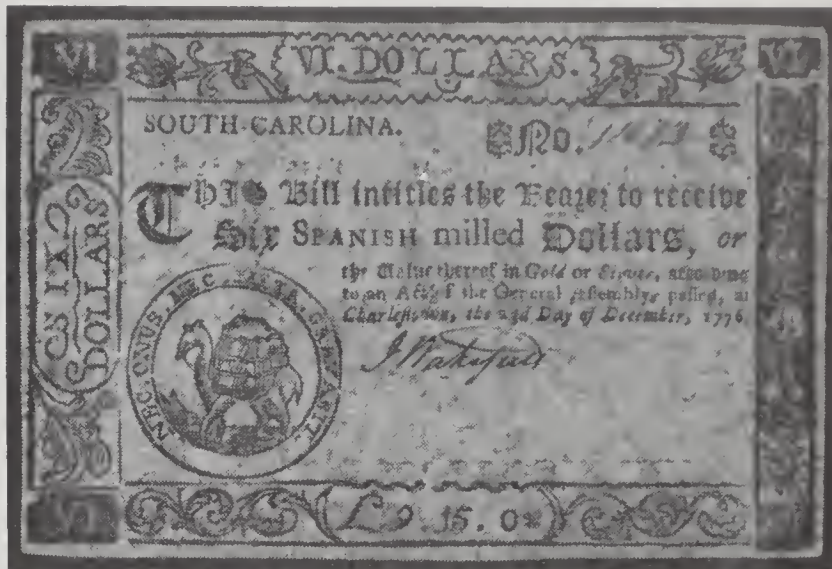

RESOLVED,

That should any Person or Persons, attempt to procure Signers to said Remonstrances, in this County, that the said Person or Persons will be considered as Enemies of the Resolves of Congress, and inimical to the Liberties of America.

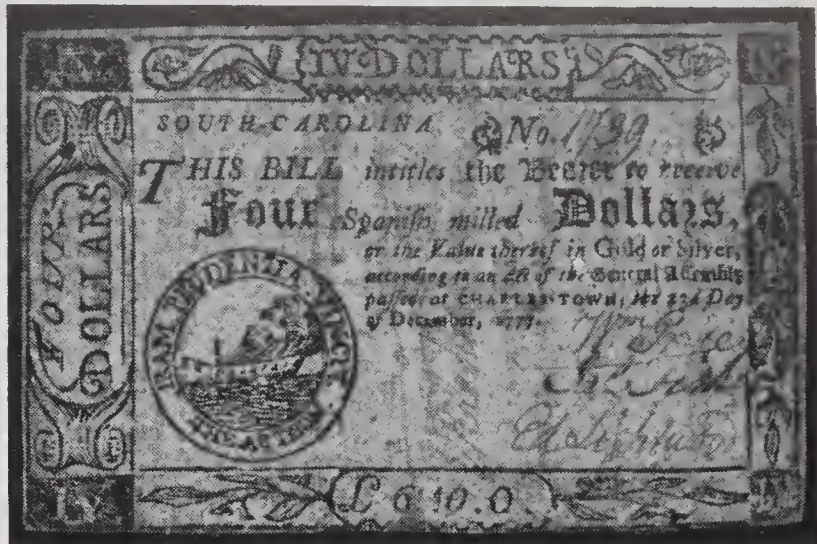

Robert M'Pherison,

Chairman.

ABNER REED'S OWN PROOF NOTES, 1803-1824

The following 150 proof or specimen bank notes were professionally removed from Abner Reed's own record book, a volume in which he pasted impressions from almost all of the copper plates engraved by him from 1803 (a \$20 bill of the HARTFORD BANK, herein offered, is actually dated February, 1803) to 1824. The "Reed book" originally came from Dr. S. G. Stiles, 51 Greene Ave., Brooklyn, N.Y., subsequently passing into the hands of F. C. C. Boyd, and later obtained from the Boyd Estate by John J. Ford, Jr. (the present consignor). It is believed that Doctor Stiles was a direct descendant of Samuel Stiles (1796-1861). Reed's pupil and apprentice and later son-in-law, who was in business with Abner Reed in Hartford from 1821 to 1824.

All of the bank note proofs offered herewith are different to some degree. As many were printed upon poor, cheap paper, Reed apparently used whatever he had readily at hand for his proofing and record keeping operations. Although some plates were "pulled" upon fine quality stock, and look just about as good as they did over a century-and-a-half ago, others were not as evidenced by the aging and almost monolithic discoloration exhibited in many instances. Some of Reed's plates were proofed upon well made paper of Chinese origin, as indicated by the markings found upon the reverses of many of these proof notes. Clearly, Abner Reed never anticipated that bank note collectors would eagerly seek examples of his work. Not only was he seemingly indifferent about the papers that he utilized, but he used various adhesives of dubious quality to mount his "record proofs" into his work book. Some of these "glues" were really primitive to the extent that many of the items offered are permanently stained vertically at the ends; needless to say, they were extremely difficult to remove from the book pages to which they were attached.

In order to properly remove the Reed proofs from the pages upon which they were affixed by a variety of mounting materials over a period of many years, John Ford sent the Reed plate impression book from the Stiles Family to the W. J. Barrow Restoration Shop, Inc., located in the State Library Building in Richmond, Va. There, the notes were not only carefully removed from the book pages, but they were scientifically deacidified. This of course means, in practical terms, that any paper fiber disintegration has been arrested, and that the present state of preservation should remain constant for a good long time. In

addition to deacidification under controlled laboratory conditions, approximately one-fifth of the proofs offered herewith have been carefully repaired and restored utilizing archival materials.

Needless to say, many of these Abner Reed "work book" proofs are the only examples from his plates still extant. Reed was one of the earliest bank note plate engravers in the United States, commencing production work early in the Federal period. Unfortunately, much of his output is only known today in the form of facsimile notes, crude contemporary counterfeits, which survived only because they could not be redeemed.

Engraver Reed was born in East Windsor, Conn., Nov. 11, 1771, the son of Ebenezer and Mary (Fitch) Reed. At an early age he was apprenticed to a saddler, learning his skills by working upon the metal nameplates then popularly used on saddles. He was apparently engraving in Lansingburg, N.Y. during the years 1794-97 when he met and married Elizabeth Loring. In 1803 Reed settled in Hartford, Conn., there becoming regularly engaged in the business of engraving, plate printing, and sign painting. In 1811 he returned to his birthplace and became deeply involved in bank note engraving. Ten years later, as stated earlier, Abner Reed moved back to Hartford and took into partnership Samuel Stiles, creating the firm of Reed & Stiles. Upon the dissolution of the arrangement with his future son-in-law in 1824, he returned to New York City where he had spent some time in 1797. Little is known today of Reed's later years; he did some engraving work in New York, and in 1851 published "Reed's Guide to the Art of Penmanship," which contained twelve plates bearing his name. Abner Reed was also a stipple-engraver of portraits, and was in partnership with John Scoles in N.Y.C. for a time doing portrait work. Bank note engraving was a profitable trade for this pioneer engraver, but the money earned in Hartford and East Windsor was mainly dissipated during the Hard Times period, circa 1830-35, when he endorsed notes for friends. Abner Reed died in Toledo, Ohio, Feb. 25, 1866, while living with his daughter, Mrs. Edward Bissell, the former wife of an associate of Reed's in the 1819-21 period. A truly remarkable man, he won a prize for penmanship at a country fair in Ohio at the advanced age of 93 years—strong evidence of the steady hand that made him one of the best known and respected early bank note engravers in this country.

- 1862 Abner Reed work book with three curious proofs from the NEW FOUNTAIN COMPANY. 4 Pcs. (Photo) (\$500-Up)

The Abner Reed book consists of 98 blank leaves (from which the notes were removed) from the back cover. The front page contains the name and address of Dr. S.E. Stiles and a faint pencil inscription (post 1850) by Reed that reads: "The Bills in this book, containing specimens of some of the earliest Bank Note engravings in America, were engraved by Abner Reed of E. Windsor, Conn." The front cover has apparently been gone for some time since it was not in the Boyd estate in 1960, when Mr. Ford acquired it.

The New Fountain Company of Newburgh, with its notes supposedly payable at the Bank of America in New York City has a curious history related by Reed himself in pencil.

"These three Bills, with one Fifty Dollar Bill that is missing, were engraved for a Counterfeiter (Wildcater) and \$5000 printed. I laid a plan and had an Officer ready to take him as soon as the work was delivered; which cost him about \$350 besides \$250 for the work. The New Fountain soon dried up."

This description supposes a sheet \$1-5-10-50 (\$66) suggests the printing of a modest 75 sheets. These may well be the only notes extant of this issue. The notes are as follows:

\$1. A. Proof by Reed (no imprint) on yellow laid paper. Unc. (Photo)

\$5. A. Same except for the denomination.

\$10. A. Same.

The notes are all identical. Note that the photographed bill bears the signature of Sherman Stiles, Reed's brief-time partner who apparently got the book.

END OF SESSION III

YEAR END SALE OF NASCA CATALOGS

Since its founding on May 31, 1976 NASCA has conducted no less than 52 auctions in seven years or approximately eight a year and covering the full range of numismatics. Many of these catalogs are now key classics and more than a few of them are down to a handful of available copies while others exist in 20 copies or less. As a special token of our regard, we are making our catalogs available for purchase for the first time in two years. Please note that the last lot in the auction is a complete set of NASCA catalogs. It is the last one available.

Please note that precedence will be given to single orders (multiple orders will be filled as the situation may permit) and that prices quoted **do not** include postage and handling. Postage and handling charges will be \$1 for each catalog with less than 1,000 lots; \$2 for catalogs with 1,001-2,000 lots; and \$3 for catalogs over 2,000 lots. All items will be sent book rate.

Orders may be placed on receipt of the catalog and will be accompanied by a check or money order sufficient to pay for the catalogs and the postage and handling charges. Refund checks will be promptly tendered as appropriate.
